

30 Wednesday, January

Dear Sir,

FEB 4 - 1985

I am writting this letter to you from Buffalo, NY where i am living for eight month. I've received your address last week frpm my French league (Federation Francaise de Rugby).

My name is Dominique Angles I have been playing Rugby in France eleven years (i am 21 years old). I play in 3<sup>eme</sup> Division Nationale and with my team we hope play in 2<sup>eme</sup> Division Nationale prddy soon! (I am sure you know what are our Division). I play in general number 15,10 or 11. I am also a referee I was one of the younger referee in France 2 or 3 years ago. You can see that for me is my favorite hobby, that is why I write you. I would like very happy if you can send me some information or if you can give some advice. It will be very intresting for me if I can find a team were I must be abble to play, or if I can find some game and be a referee it could be very intresting too! If it's possible i am ready to do the both and to help your Americain League. In Europe Rugby it's a very close Family and I am sure here it's the same on this side of the Atlantic.

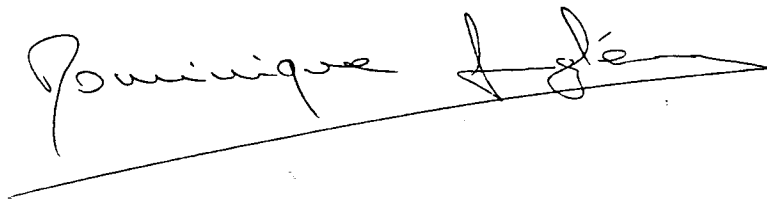

I've take a subscription here in America for the Rugby Magazine. It's a nice Magazine, felicitations! I was very happy to find an article about a South French team Graulhet of course this article was for your American player Chimere and it's a very good article.

If you are intresting about the French Rugby Magazine or about the Midi Olympique let me know because i receive this here.

I am sure you can see my problem and find something for me. I will be very happy to correspond again with, "between Rugby player"

Thank you very much and

" Rugbicalement Votre" French expression!

A handwritten signature in cursive script, reading 'Dominique Angles', followed by a long horizontal line extending to the right.
