Dear Jim,

It was a delight to see my photo so beautifully positioned in the program and to enjoy the excellent magazine you put together. My only regret is that my not working on Saturdays any more precludes my being able to use your scores of games played that day.

Dorothy and I had a most enjoyable evening with your gang at the last banquet and hope we will be able to make the next one. Being with such enthusiastic and energetic folks helped make us feel younger.

I'll look forward to your invitation and to joining you all again. Meanwhile, good luck for your continued success and may you have a great 1984!

Sincerely,

A handwritten signature in blue ink, appearing to read "Stan".
